To Whom It May Concern:

Four years ago we were told one of our seasonal campers, Eddie Heaton had MS. Eddie was always the one person to help anyone, anytime. Within the past two years he has deteriorated with MS to a walker always and a wheelchair sometimes. As the owner of the resort we decided to do something to help. In 2005 we had a fund raising pitch-in and raised \$1,800.00 and gave the money to Eddie to offset some of the expenses of his expensive drugs and such.

In 2006 we decided to continue raising funds but this time donating all the funds to your foundation. We hope the money we raise will help more people and maybe help find a CURE. One of the reasons we choose to donate all the funds to your organization was based on the material we read that explained 100% of the donations to your foundation go to help find a cure. We donated \$2,375.00 for 2006.

For our 2007 event Jim And Heidi Dennis of Pearls and Ivy Catering, Indianapolis, Indiana donated a pig, green beans and potatoes. Gregg and Chris Wright, the activities Directors for Lake Monroe Village Resort planned a Luau event as a fundraiser to be held at Lake Monroe Village Resort, Bloomington Indiana. The event held June 30th 2007 ended with a fireworks display. We collected \$2,739.00 for the Montel Williams MS Foundation.

In 2008 we did exactly the same fundraiser but with a Caribbean Fiesta theme. Our fellow camper that has MS, Eddie Heaton was there and made a very nice speech thanking everybody for their time, effort, concern and donations to MS. Our 2008 efforts collected \$3,823.00 for the Montel Williams MS Foundation. Thank you,
